

## ABOUT

Seymour FBC's Fine Arts Academy is preparing for our summer performing arts camp with the well-loved music from *Encanto*. We will have a *live band*, several FAA coaches and professional musicians on board to lead our students well throughout the week. Plus breakout sessions, small group work, choreography and more!

The heart and purpose behind this week stems from Proverbs 18:16 "*a person's gift opens doors*". Pairing this with the scriptures in Romans regarding our spiritual gifts, the students will walk through what it means to use our gifts for God. Yes, our gifts bring us opportunities but more importantly, they open doors for us to do good in the world and bring glory to God.

All music, rehearsal tracks and scripts are available [online](#). We will also have printed copies for you to pick up from the church office at your convenience. It is their responsibility to memorize their material before July 28th. This ensures they will get the most out of this experience. Costumes are provided, but we will ask you to have basics for your child that you likely already own such as leggings, pants, shorts, etc. This information will be given to you at least a month in advance.

## DETAILS
